

# Marion Couple receives first ever CATDVD.com Cares award

April 2005

*In the hustle and bustle of today's disposable world, it's nice to see someone taking the time to care for the safety and welfare of one of America's most vulnerable populations—our pets.*

*That's why the makers of CATDVD have created the quarterly CATDVD.com Cares award, which designates a portion of the proceeds of the sales of CATDVD to a worthy cause. The award is designed to recognize individuals and organizations whose service and efforts benefit the welfare and well-being of our beloved pets in crisis or need.*

For the spring of 2005, the First ever CATDVD.com Cares award will be awarded to Marion residents Jessica and Tony Sylvester, a couple who currently share their home with six cats and three dogs, all of which were rescues. The CATDVD.com Cares Plaque and a check will be presented to the Sylvester's home in Marion, Ohio on Friday, April 8 2005 at 5:00 p.m. by CATDVD.com president, David Casto. The couple and their pets will be available for pictures and/or interviews at that time.

### Here are just some of the animals that have benefited from the Sylvester's Compassion and Love of our Pets:

- Mia** a Rottweiler mix which was abuse/neglect case at the Human Society in Marion, adopted in the summer of '99.
- Katie** a Rott mix puppy, mom was poisoned, adopted from family in late '99.
- Bryce** a farm kitten, adopted from family in '00.
- Mattie** stray kitten, was adopted from another kind person who had taken the kitten in temporarily, adopted in '02.
- Chloe** Mattie's mom, a stray, originally took her in just to get her spayed and vaccinated, but adored her and kept her, in '02.
- Frankie** a stray farm kitten with a terrible respiratory infection and eye condition, adopted after being rescued from a farm in '02.
- Gordon** a stray kitten who had been shot at with BBs in a trailer park, rescued from the League for Animal Welfare.
- Ella** abandoned by her mother at just a few days old, rescued by a friend and adopted by Jessica and Tony.
- Janis and Joplin** retired racing greyhounds, sisters from the same litter, adopted from Team Greyhound in '03.
- Geddy** a flea-bitten kitten adopted from a cardboard box found outside a Wal-Mart in mid '04.
- Sting** a retired racing greyhound, adopted from Team Greyhound in late '04

The number of animals rescued is a testament to the difference that one couple can do. While we at CATDVD are proud to have designed a product that entertains pets that are loved and cared for, our mission includes aiding animals that are not as fortunate.

*CATDVD is an exciting new product... a DVD designed for Cats to watch and enjoy. CATDVD features hours of unique cat-tested footage such as mice, butterflies, birds, fish, squirrels, hamsters, cat toys, laser pointers and more. It's television designed just to entertain cats and was featured recently on the cable TV show "Screensavers" on the G4 Network.*
